

Online Top-down Auction for Motor Vehicles

Powered by Smartsettle

Information for BC Lower Mainland Dealers

Dutch eAuction Inc. is inviting auto malls, auto groups, and other dealers to take advantage of a new superior resource for selling motor vehicles. While the Dutch eAuction process favours the seller, it also increases the satisfaction of buyers by matching them with the car they want. And satisfied customers result in referrals and repeat sales. Check out the videos at dutcheAuction.com.
